DISCUSSION OVER THE BERLIN TREATY.

THE LONDON TIMES ATTACKS GLADSTORE-A TORREST OF BRILLIANT ORATORY-BUT TO WHAT DOES IT ALL AMOUNT!-BEACONSFIELD AND SALISBURY HONORED. London, Aug. 1.—The Times vehemently ttacks Gladstone this morning and says

of his speech: "The house of commons istens with bated breath for his contribuion to the great controversy and for some prophetic glimpse into the future. He peaks two hours and a half and occupies even columns of our space. He carries is hearers irresi tibly down a torrent of brilliant oratory, but when all is over and we have time to breathe, to what does it all amount?. With few exceptions, to nothing out prolonged invective against the present ministry. Scarcely anything they have done or said escapes denunciation. They have preferred servitude to freedom; have pretended to defend public law and have really betrayed it; have made a mad convention, violated existing treaties, brought into question an important prerogative of Second free-will Baptist - Fineenth their own, discredited us abroad and weak-vices Sabbath at 3 and 7:30 p. m. ened us at home. They have not usurped power over unwilling people. Gladstone biniself admits that they command the approval of the mass of their countrymen. There are other persons in the world besides Beaconsfield, and larger questions at stake than that of the conduct of the ministry on details of prolonged negotiations. regret to say it, but the whole tenor of Mr. Gladstone's speech, as much by what it contained as by what it omitted, was inconsistent with statesmanship or generous patriotism, and he must proportionately forfeit his claim to the attention of his

countrymen on this great issue," HONORS FOR BEACONSPIELD AND SALISBURY. Great preparations are making for civic honors to Beaconsfield and Salisbury. On Saturday they will be entertained at a banquet by the lord mayor,

A dias has has been erected on the southern side of Guild hall upon which stands a canopied throne. Here will be seated the lord mayor, plenipotentiaries and chief officers of the corporation. There will be accommodation here for seventeen hundred persons, including four hundred members of parliament. In the fore court of Guild hall a spacious pavilion is being erected to seat 1,200 persons, another 800 being accommodated in the library. None of these can see the ceremony but will view the guests as they arrive. Lords Beaconsfield and Salisbury are expected at Guild hall before 5. Memphis. soon after which the ceremony of the presentation of the freedom of the city will be given. Temple bar is to be in some sense reconstructed for the occasion. One side remains, and on the other a wooden model of a demolished wall has been erected to be spanned by a banner inscribed, "Peace with Honor." After the ceremonial at Guild hall, Lords Beaconsfield and Salisbury will attend the lord mayor's ministerial banquet.

THE VALUE OF THE MEXICAN DOLLAR-THE TRADE DOLLAR NOT GOOD FOR TAXES-ENTENT OF THE CIRCULATION OF THE MEXICAN AND TRADE DOLLARS.

WASHINGTON, August 2.-There having been put into circulation in the South western part of the country quite an amount of Mexican dollars, since the dollar of the daddles began to be coined, and as the Mexican dollar had in a great measure been passing for a dollar of our money, many inquiries were addressed to the treasury deertment as to its value and the terms on The director of the mint has issued a circular answering these questions. He says that the revised statutes, section 3,684, declares that "no foreign gold or silver shall be a legal tender in the payment of debts." girculation in the United States is optional, | utes. Dougherty was arrested.

and at whatever value may be agreed upon. The United States trade dollar is also not a legal tender and, therefore, has only a bullion value. All foreign coins and the trade dollars are purchased at the mints in Philadelphia, San Francisco and Carson, and the assay office at New York at the equivalent of the London rate for silver bullion at the day of purchase, less one-half cent of fine silver contained. All silver coins so purchased are melted and assayed and the seller paid for the fine silver contained in the standard silver dollars. The seller is required to pay the express charges both ways. The deduction at the mint of one half cent per ounce of fine silver contained

amounts to about four mills on the dollar.

COIN FOR TAXES. The commissioner of internal revenue in a ircular states that trade dollars cannot be received in payment of taxes. He also says that the silver coins under one dollar are legal-tender to the amount of five dollars. This, he says, is understood to mean that when the entire amount to be paid by the tax-payers does not exceed five dollars it can be paid in subsidiary coin, but if the amount of tax exceeds \$5, such silver cannot be received except for the fractional part of a dollar involved in the payment. He further says that whenever gold coin is received in payment of taxes, great care should be used to take none that appears to be less than standard weight fixed by law. EXTENT OF THE CIRCULATION OF MEXICAN

AND TRADE DOLLARS. Few persons know the extent to which the Mexican and trade dollars are in circulation. The president of an ice company in New York city writes to the director of the mint that his company is taking in \$30,000 a week in Mexican and trade dol lars and subsidiary coin with which nothing can be done. The banks say they have no storage-room. Intrinsically his \$30,000 is worth but about \$26,000 — making a weekly loss of \$4,000. The circular given above shows the ice company man that he can refuse the Mexican and trade dollars, but that there is no relief from the subsidiary coin. The house at the late session passed a bill providing that subsidiary coin should be redeemed in sums of one hundred dollars and multiples thereof, but the bill never came up for action in the senate, In the west, especially in Kansas and Texas, local banks went into speculations by buying Mexican dollars at 89 cents and paying them out at 100 cents. Now that the standard silver dollar is going into circulation, these Mexican dollars are worth but their intrinsic value, and they are coming back on the banks, who cannot reject what they have paid out. One bank in Omaha put \$15,000 into trade dollars at their intrinsic value and started them into circulation. A rival bank secured some standard dollars and immediately diminished the circulation of the trade dollars.

ALBANY, IND., AND CINCINNATI. MEMPHIS, Aug. 1 .- Tre City of Alton assed up to-night, having received a clear sill of health at quarantine, where she was subjected to a rigid inspection. She did not land here, but stopped at Hopefield, opposite Memphis, to clean out her boilers. An ugly report was telegraphed from Heiena to-day, stating that the Golden Crown was coming up with yellow fever aboard, but the captain of that boat telegraphed his agent here from the same point that there was no sickness of any kind aboard his boat. She was due this afternoon, but not having arrived at this hour, 9:30, it is proposed she is being examined at quarantine. The Grand Tower has just arrived from Vicksburg. She passed examination by the quarantine official. Memphis merchants have subscribed between \$8,000 and \$10,000 for sanitary purposes. We have no symptoms

of yellow fever here. Quarantine against freight and travel from New Orleans and Vicksburg is being rigidly enforced, freight by rail being detained ten days at Whitehaven, Miss., and by river at President's Island quarantine. At a meeting of the board of health to-day, the following action was taken: Resolved, That the health officer be em-

#### CUBA.

CONDITION OF AFFAIRS ON THE ISLAND-COMPLIMENTARY BANQUET-DISASTROUS STORM.

New York, August 1.—A Havana letter says that many emigrants returning to Cuba are claiming protection of the government, and difficult questions are rising between persons who reclaim their former possessions and those who have credits against them or are actual owners of the property. These questions will have to be settled by tribunal and will be an obstacle in the way of rapid reconstruction. It is decreed that all government officers shall be regularly paid hereafter, but at reduced rates, and the clergy will be invited to reduce their allowances.

HAVANA, August 1.—The provincial Cu-ban committee gave a banquet last evening in honor of Gen. Martinez Campos who was accompanied by the highest government officials. There was much enthusiasm.

Nine vessels are reported lost and six driven ashore in a storm on the southwestern coast on the night of July 30. The steamer City of New York from New York has arrived.

MILESTONES ON THE ROAD TO HEALTH.-The recovery of digestion and the resumption of activity by the liver, bowels and kidneys are milestones which mark our progresss on the road to health. They speedily become perceptible when Hostetter's Stomach Bitters is used by the invalid. Nothing so surely and expeditiously consumes the distance to the desired goal. As no bodily function can suffer interruption without impairing the general health of the system, so the system can never acquire perfect vigor, health's synonym, until that function be actively resumed. Take, for instance, digestion, a suspension of which is invariably rectified by the Bitters. If the organs upon which it devolves grow weak, biliousness, constipation. headache, poverty of the blood, and a hundred other symptoms supervene, which indicate unmistakably the baneful general influence of dyspepsia. The disappearance of all these symptoms through the use of the Bitters shows with what thoroughness it removes their cause.
